

# COLEGIO ALBANIA

## STRATEGY MAP

<b>VISION</b>	<b>To be positioned nationally and internationally as a leading educational institution, characterized by exceptional student achievement, and by the formation of responsible and ethical individuals, proud ambassadors of their school, who are ready and willing to build a better world.</b>				
<b>STAKEHOLDER VALUE PERSPECTIVE</b>	<b>Our stakeholders, including the board of trustees, staff, students, alumni, and parents expect Colegio Albania to:</b>				
	Deliver an outstanding student experience centered on inspirational learning and teaching	Provide a stimulating, caring environment that supports personal development and wellbeing	Actively involve students, parents and community, valuing their contribution to the educational process	Demonstrate fiscal responsibility and make optimal use of resources	
<b>KEY CONCEPTS</b>	<b>and to inspire our students to :</b>				
	<b>Achieve their full potential</b> Our students will graduate as confident, articulate life-long learners driven to success through intrinsic motivation.		<b>Become the leaders of tomorrow</b> Our students will be responsible, ethical individuals, ready to make a difference to society.		
<b>STRATEGIC ENABLERS</b>	<b>by means of:</b>				
	<b>A high quality curriculum</b>		<b>An effective and efficient organization</b>		
	Articulating high standards through a rigorous, differentiated curriculum which stimulates and supports thinking, learning and life skills.		Our policies and practices will clearly and directly support the school's purpose and direction and the effective operation of the school		
	Using best practices for instruction		Providing infrastructure which enables organizational effectiveness and ensures a healthy and secure environment.		
	Securing a positive, efficient learning environment				
	Establishing dynamic and sustainable programs which promote social and environmental responsibility.		Attracting developing and retaining high quality staff		
			Providing learning resources and technology which support best practice.		
	<b>A proactive learning community</b>				
Building a culture of alignment, accountability and institutional pride	Increasing institutional capacity to differentiate and individualize instruction.	Increasing the capacity of parents to contribute to their child's learning in authentic and meaningful ways	Increase student capacity for intrinsic motivation and responsibility.	Building digital competence among individuals and strategic technological capabilities for the institution.
